

John Frazee

Sculpture Project

In the summer of 2004, John Frazee, a person who was very inspirational to Complete High School Maize and a beloved USD 266 Board of Education member, passed away.

John had a fighting spirit, was compassionate and caring, worked hard for what he achieved, valued family and friends, and lived life to the fullest. He epitomized what CHSM is all about and, therefore, we refer to what we try to accomplish at CHSM as “the spirit of John”.

Because of what CHSM meant to John, he designated that a memorial in his name be established for the school. Through this memorial \$2,100 was given to our school. Students and staff made the decision to use this money as the foundation for having a sculpture erected that would capture “the spirit of John” and that of CHSM.
